
William Beaumont Army Medical Center

GENERAL SURGERY RESIDENCY

Outstanding Training

The General Surgery Residency at William Beaumont is one of the finest in the nation. Since the program is small and there are no fellows, the residents perform the cases and get a great education.

Operative Experience

The residents perform **More Operative** cases than nearly 90% of all Surgical Residency Programs.

Academics

The Written and Oral Board Passage rates are 100% and perform at the top of the nation on the In Training Examination.

Fellowships

In the past 10 years, half of the graduates have completed fellowship training: Pediatric, Plastic, Oncology, Minimally Invasive, Trauma, Vascular and Colon and Rectal Surgery.

Get Your Ski On

The General Surgery Residency is combined with Swedish Memorial Medical Center, a Level I Trauma Center in Denver, Colorado. The residents spend over a year in Denver, where they perform not only trauma surgery but also a variety of acute and emergency general surgery procedures.

There are no other surgical residents or fellows at Swedish, so the VBAMC residents perform the vast majority of the acute surgical procedures.

The residents stay in hospital-provided apartments and can take advantage of the many natural wonders surrounding Denver in their free time including skiing at Vail and Breckenridge.

Great Quality of Life

El Paso is a great place to live, with excellent weather year round, low cost of living, low crime rate and quality public schools. The majority of the surgical residents own their own homes and the satisfaction of not only the residents, but their families is high.

There are numerous activities for the

entire family in and around El Paso—including professional sports teams and outdoor recreation.

Ft Bliss is one of the top Army posts in the nation. It is renowned

Resident and Family at Play in Denver

for satisfaction and amenities including the

leading military

mall in the nation.

In addition, El Paso is home to some of the best steak and Mexican food anywhere, so come join us for some rib-eyes or burritos.

Stay For Free

It can be difficult for medical students to schedule rotations at multiple military hospitals due to cost. At William Beaumont we have 6 rooms available for visiting medical students. Students can stay free of charge while on rotations.

The General Surgery Residency is truly a diamond in the desert. We would love to have the opportunity to introduce you to the best kept secret in military medicine, so schedule a visit with us and you will see for yourself.

Visit us on Facebook at [WBAMC-Surgery](#) or Call Karen Moten at 915-742-2698 to schedule a rotation.
